Perum Griya Pasir Jaya Tahap 3 Blok e/14, Pasir Jaya, Cikupa, Kabupaten Tangerang 17421

FULLSTACK DEVELOPER

I am a fourth-semester Software Engineering student with a strong interest in web development. I am proficient in PHP, JavaScript, Python, and frameworks such as Laravel. I enjoy solving technical problems and continuously honing my skills through personal projects and collaboration. I believe in the importance of continuous learning and adapting to technological advancements. Outside of coding, I enjoy activities that challenge my creativity and logic, such as strategy games.

KEY COMPETENCIES
